

Decisions

Application decisions do not rest on a single factor, but on the strength of the entire application. Final decisions are at the discretion of the Board of Trustees.

Grant awards are not renewed automatically. If you wish to be considered for a Keesee grant you must apply each year.

If you are awarded a grant for the **academic year** (fall and spring for Masters; summer/fall and winter/spring for doctoral), it is not necessary to apply again when applications open on August 1st for spring-only semester; however, you need to apply when applications open on January 1st if you wish to receive a grant award for the fall semester.

If you apply for a **spring-only** grant award, you will need to reapply for an academic year award when applications open on January 1st if you wish to receive a grant award for the fall semester (summer/fall for Doctor of Ministry).

Keesee grant awards are subject to change and are not guaranteed from year to year. The total number of applications approved and the resources available are factors in determining funds available for grant awards.

Students will be notified by email after all applications are processed and when decisions are available on the student's dashboard in the application portal.
